

COLORFUL CRAYONS

July 1, 2011

Dear Parents,

We are having so much fun!! The children are having a great time meeting new friends, playing together, jumping in the sprinklers, climbing on the playground, and learning new games.

"Oh Mr. Sun, Sun Mr. Golden Sun..." This week our color theme was yellow. We had a special Big Bird and Friends moon bounce obstacle course. The children (and Morahs!) had so much fun jumping, sliding down the slide, and finding our Sesame Street friends hiding underneath different objects. To go along with our fun day, each child made their own Big Bird, complete with yellow feathers! The children were also very busy in art, making a silly yellow clown and Mr. Sun. We read color books and pointed out some of our favorite things that are yellow; bananas, a school bus, rubber ducky, etc.

We had cooking and baking and we were so great at following instructions while making our delicious LemonHead Treats with Morah Dassi. We also had a great time playing dress-up and marching in a costume parade. We ended the week off with music with Morah Jill and an amazing Shabbat Party! Incorporated in the Shabbat party was a July 4th parade with flags, hats, and patriotic music.

*If your child has a **summer birthday** and you would like to make a party in camp, please let us know.

*Please send **a plastic bag** in your child's knapsack **every day** for their wet bathing suit and towel.

We are looking forward to a packed summer of games, exploring, playing, and FUN!

Have a great Shabbos and a Happy July 4th weekend!

Morah Betsy and Morah Liron
